

Introducing

# G3 X

The First Standard Size  
Foam-Free PAP  
Available in the U.S.

## Five Year Warranty

Long-term support and reliability for your patient's entire therapy journey.

## Foam Free

The first standard-size PAP available in the U.S. engineered without polyurethane sound-abatement foam while maintaining quiet operation.

## Proven Algorithm

Demonstrated accurate identification of obstructive events through independent bench study.

## Smart Features

Custom pressure response and Smart A continuously responds to each patient's unique needs for unparalleled comfort, delivering precision care.

## Seamless Care Management

The integrated cloud platform enables direct provider-patient communication and actionable insights that transform care delivery.

## Smart A Custom Pressure Response for Precision Care

A patient's condition is always changing. Smart A fine-tunes the Auto Algorithm to respond to the patient's pressure needs to support comfort and provide success with PAP therapy.

The Smart A algorithm uses data from a rolling 5-effective treatment sessions. An effective treatment session is defined as at least 4 hours of use and a controlled leak (<90 lpm). The algorithm looks at the 50th and 95th percentile to determine where Auto min and Auto max should be adjusted.

## How G3 X Stacks Up

|                                                          | G3 X                 | G3                   | AirSense™ S11 | AirSense™ S10 |
